

Logan Miller

859-655-5041 | logandavid555@gmail.com | Loveland, OH

EDUCATION

Auburn University, Auburn, AL

May 2027

- Bachelor of Science in Computer Science
- Artificial Intelligence Engineering Concentration
- Honors Business Minor
- Cumulative GPA: 3.78
- Honors College Member

EMPLOYMENT

ALEC Team Student Verifier, Auburn University RFID Lab

April 2025—Present

- Reviewed 1400+ supplier tagging procedures, ensuring compliance with RFID standards.
- Verified correctness of tagging validations by team members to maintain accuracy.
- Assisted with confidential RFID data collection and summarization projects.

TECHNICAL INVOLVEMENTS

Member, Association for Computing Machinery, Auburn University

August 2023—Present

- Ethical Hacking Club: Participated in LANL's CyberFire event, attended workshops.
- Competitive Programming: Practiced algorithmic challenges in Kaggle.
- Technical Interview Association: Practiced LeetCode problems and mock interviews.

Secretary, Data Science Society, Auburn University

August 2023—May 2025

- Organized monthly guest lecturers presenting data science concepts and apps.
- Coordinated focused small group activities which explored specific topics.

PROJECTS

NFL Fantasy Football Predictions Model

Spring 2024—Summer 2025

- Built Python model to predict an NFL players' fantasy football points using Pandas and TensorFlow. Achieved Mean Average Error of predictions around 7 points.
- Code can be found at github.com/LoganMiller5505/nfl-data

Auburn Hacks Project: Solar Flare Prediction

Spring 2024

- Work in a 3-person team during a Hackathon event to predict if a solar flare will occur and display results to an interactive website using Python and scikit-learn.
- Development info can be found at devpost.com/software/solar-flare-prediction

Auburn Data Science Society Reinforcement Learning Small Group

Spring 2024

- Worked with two graduate students to better understand reinforcement learning.
- My implementations can be found at https://github.com/LoganMiller5505/RL_DSSOC

AWARDS AND VOLUNTEER SERVICE

Auburn Engineering Honors Circle

2025

Xerox Innovation & Information Technology Award

2023

Merit Innerview Service Award

2022

SKILLS (IN ORDER OF EXPERTISE)

Programming: Python, Java, HTML, CSS, JavaScript, C

Data Science: Pandas, NumPy, TensorFlow, Keras, scikit-learn, Matplotlib, Seaborn

Tools: Git, Linux, Jupyter, Wireshark, Excel
